PEDESTRIAN HURT IN CENTERVILLE

Al Caeton Jr., 21, Box 156 R.F. D. Alviso district, was seriously injured yesterday morning when he was struck by an automobile driven by C. C. Fernandez, 30, 650 Fifty-first street, Oakland, while crossing the highway in Centerville.

According to eye witnesses young Caeton had parked his car on the north side of the street across from the Centerville Theater and stepped out from between two cars directly into the path of the oncoming automobile.

He was rushed to Fairmont Hospital in the Dallas Paul ambulance and later transferred to Alameda Hospital where his injuries were listed as a fractured right leg, facial lacerations, possible skull fracture and possible internal injuries.

TRAFFIC SIGNAL PETITION FILED BY WARM SPRINGS

A request for a second electric traffic signal in Washington Township was filed this week by the Warm Springs Chamber of Commerce seeking the installation of a warning device at the "Y" north of Warm Springs at the intersection of Mission San Jose and Irvington highways with the San Jose Highway.

At last Thursday evening's meeting of the Chamber a petition for presentation to the highway department was authorized and the petition, bearing more than 50 names of local residents was forwarded this week.

CROSSWALK DENIED

President Orville Leitch, who presided at the meeting held in the elementary school, reported that the chamber's previous request for a crosswalk in front of the post office, general store, and library, had been refused on the grounds that the business area had one less than the minimum 16 units required to justify the crosswalk. He reported that a re-check by a committee from the chamber revealed that there are 16 units at the location, justifying the crosswalk, and a second request for the pedestrian lane has been forwarded to the highway department with the revised listing.

A letter from John H. Skeggs, engineer for the Division of Highways, in answer to the chamber's request for the installation of highway signs was read to the group. Skeggs stated that the sign with the wording, "Warm Springs, Obey Traffic Laws, Chamber of Commerce," could not be erected as it would be in violation of the Outdoor Advertising Act, which provides that no sign shall be displayed within view of a public highway "if intended or likely to be construed as giving warning to traffic."

SECRETARY RESIGNS

Leonard Baptist resigned his position as secretary to the chamber and Mrs. Elizabeth Sloan was elected to fill the vacancy.

It was voted to hold the annual Christmas dinner meeting on December 11, the place to be announced at a later date by the directors. A speaker will be secured for that meeting to speak on one of three current topics of interest to the community: Formation of a water district or annexation to the Alameda County Water District; establishment of a community hospital in Washington Township; or the proposed Alameda County sponsorship of the U. S. Naval Base at Livermore.

MACHADO CORNER CRASH

Mrs. Margaret Cornelius, 32, 838 Coolidge avenue, Sunnyvale, an expectant mother, and her husband, Thomas, 41, received minor injuries Sunday evening when their car collided with an automobile driven by Rev. Joseph O'Gara, of Alma College, Santa Clara county, at the intersection at Machado's Corners on the Alvarado-Centerville highway.

The couple's three-year-old daughter, Paulette, escaped injuries, as did the four nuns riding with the priest.

The injured were taken to Fairmont Hospital in the Dallas Paul ambulance.

Highway Auto-Bus Crash Kills 2; 25 Suffer Injuries

An auto-bus crash three miles north of Niles on the Niles-Hayward highway at 6:55 p.m. Saturday claimed the lives of two Hayward women and caused injuries to 25 bus passengers, 13 of whom were residents of Washington Township.

Police said the accident happened when a car driven by Mrs. Marceline D. Mangini, 18, of 19 Peach Court, San Jose. The Roberts car was swept over into the path of San Jose-bound Peerless Stage No. 221 which crushed the machine and instantly killed Mrs. Roberts and her passenger, Mrs. Mary Povkovich, 37, 1055 Valle Vista, Hayward.

24-HOUR SIGNAL FOR NILES CORNER

Assurance that an electrical highway warning and stop sign would be installed at the intersection of Hayward-Mission San Jose and Niles Canyon roads was received this week from the State Department of Public Works by Frank Crossman, Niles contractor, who submitted a petition bearing 250 signatures to that department recently, asking for safety improvements at the intersection.

The letter stated: "Arrangements have already been made for the installation of a flashing light signal at this location as quickly as materials can be purchased. The light will flash in red in the direction of the Niles Canyon Road and amber in the direction of the Hayward - Mission San Jose Highway, and will operate 24 hours a day.

"We are hopeful that this additional control will serve to alleviate the accident frequency at the intersection."

The letter was signed by J. C. Young, traffic engineer, for G. T. McCoy, State Highway Engineer.

A. T. SEMAS DIES OF HEART ATTACK

Antone J. Semas, 37, San Leandro, a former resident of Mission San Jose, collapsed and died of a heart attack in Oakland Tuesday evening.

He had attended a meeting of the Knights of Columbus in Oakland and shortly after the meeting he was found unconscious near his parked car. He succumbed enroute to a hospital.

He was the husband of Isabel Semas; father of Marsha, Verle, James Jr., and Germaine Semas; son of Mrs. Frances Semas, Selma; brother of Rose Bragas and Mamie Semas, Selma, Joseph A. and Thomas Semas, Mission San Jose, and Frank Semas of Fowler; stepbrother of Viola and George Enos, Selma.

NEWARK CHAMBER SAFETY PROGRAM GETS APPROVAL

A safety program sponsored by the Newark Chamber of Commerce requesting the slowing down of traffic in the community has received the endorsement of the Alameda County Board of Supervisors and the California State Highway Patrol.

The chamber recently petitioned the supervisors for the placement of numerous stop signs and Secretary Ray Alberts at the meeting Tuesday evening read a letter from Supervisor Chester Stanley stating that the plan for stop signs on streets intersecting Dairy avenue has been approved and the signs will be installed in the near future. Also approved was the request for 4-way stop signs at the intersection of Cherry street and Dairy avenue next to the elementary school.

CHRISTMAS LIGHTING

Secretary Alberts also read a letter from Highway Patrol Captain Wilkinson informing the group that his officers are now beginning to patrol Wells, Dairy and Thornorton avenues.

President Arthur Cotton, who presided over the meeting, appointed J. E. Paschote to tabulate the number of voters residing in each of the four newly designated voting precincts of the community.

G. B. Cotton was appointed chairman of a committee to arrange for the installation of Christmas lighting throughout the business district for the coming holidays.

REPORTS ON SCHOOL

Principal J. I. MacGregor reported to the chamber, sponsors of the Junior Traffic Patrol, that the boys highly enjoyed the trip to the Cal-Washington game, which was financed by the chamber. The chamber then voted to purchase raincoats and badges for the boys of the patrol.

MacGregor also reported that preliminary plans for the new elementary school building have been completed and have been forwarded to the state for approval.

The next meeting of the chamber will be held December 16 at which time officers for the coming year will be nominated. The entertainment committee has also promised something extra for this meeting.

He was a native of the Azores Islands but had lived in this area most of his life and was an active member of the U.P.E.C., Alvarado.

He was the father of Mrs. Adeline Faria, Decoto, Tony L. FOOD PROCESSING SEASON NEARS END

The summer and fall food canning season in Washington Township is drawing to a close and vegetable shippers are shifting to new crops for shipment to eastern markets.

The Marlo Company's Decoto plant is now canning pork and beans but expects to close down that operation around the first of December.

The Booth Cannery in Centerville is closed down until next July when it will open for the apricot season. A spokesman for the plant said Wednesday that this year's canning total of all types of tomato products was approximately one-half million cases, an average yearly figure for the local area.

L. S. Williams Vegetable Packing and Shipping Company in Centerville has shifted to the new crop of cauliflower and broccoli which is just now beginning to be harvested. The company shipped approximately 100 cars of select green tomatoes to eastern markets during the past season, a mark nearly one-half the total shipped last year. A light crop and an early killing frost was blamed for the decrease this season.

The Holly Sugar Corporation Alvarado refinery closed down this week after a record run, processing 152,000 tons of sugar beets from this area.

FARM CENTER PLANS PUBLIC MEETING

Following a discussion of the Reber Plan, for making a fresh water lake out of a portion of San Francisco Bay, the members of the Washington-Eden Farm Center, meeting Tuesday evening at the high school cafeteria, voted to sponsor a public meeting some time after the first of the year at which John Reber, originator of the plan, would be the guest speaker.

The local farm center endorsed the Reber Plan more than a year ago and brought Reber here to explain the plan in full to the membership. The future meeting planned by the group will be open to the public.

Fred Lewis, past-chairman, was in charge of Tuesday night's meeting in the absence of newly elected Chairman Manuel Abreu. Preliminary plans were made for the annual Christmas party to be held on December 16 at the school here and a committee composed of Manuel Alameda, M. J. Bernardo, E. J. Deluce, Joe Dutra, Manuel Abreu, and Fred F. Lewis, was named to supervise the arrangements.

More than 30 members braved the fog Tuesday evening to attend the meeting here. Interesting movies showing the refining of sugar beets into sugar were shown the members. The meeting was closed with the serving of light refreshments.

ROTARIANS HEAR PROCEDURE FOR HOSPITAL DISTRICT

Establishment of a hospital district in Washington Township will increase the efficiency of medical care locally, as well as resulting in economy to residents of the district, according to Larue Sorensen, hospital architect, who spoke to the Niles Rotary Club yesterday at the International Kitchen.

Sorensen, who had been invited by Chairman Edward E. Enos of the local hospital committee to address the Rotarians on the subject of procedure of forming a hospital district, stated that 20 such districts already have been formed in California.

Districts are eligible to federal and state grants of two-thirds of the cost of setting up hospitals. The subsidy arrangement followed a survey which determined that the state needs 60,000 more hospital beds.

A district hospital is legally required to operate on a non-profit basis, the speaker said. Cost of care to residents of the district may be fixed at a lower schedule of prices than is set up for non-residents.

Procedure toward establishing a district involves: (1) drafting and circulation of a petition to put the matter before the voters; (2) holding of a public hearing by the county board of supervisors; (3) majority vote at a regular or special election; (4) appointment of a board of five directors by the county supervisors.

Enos stated, following Sorensen's talk, that the first step is already under way.

PUPILS CONDUCT NUTRITION EXPERIMENT

NEED FOR PROPER EATING IS OBSERVED

Parents of Irvington Elementary School pupils are no doubt experiencing a mild case of shock these days when their youngsters turn down an offer of candy with a polite, "No, thank you, I'd rather have a glass of milk."

It all dates back to an experiment involving four rats, Friskie, Flashie, Droop and Drip, which the pupils of the eighth grade and their teacher, James Howden, began more than two weeks ago.

COMPARISON MADE

The nutrition experiment is being made to better demonstrate to the pupils the benefits of proper diet as compared with a diet which, though appealing, does not supply the necessary food values needed. Friskie and Flashie are living on a diet of whole-wheat bread, milk, and whole wheat cereal and each day the pupils place their cage outdoors for them to bask in the sunshine for one hour.

Droop and Drip, however, are given an entirely different menu,

one that appeals to the "sweet-tooth." They have been subsisting for the past two weeks on white bread, soda pop, coffee, and candy, and lounge around in their cage indoors, never exposed to the rays of the sun.

The result of the experiment at the end of the two weeks' period is easily noticeable.

WILL REVERSE DIET

Friskie and Flashie are both gaining weight on their wholesome diet and are very active and alert and their hair is soft and sleek.

Droop and Drip, while living on the tastier of the two diets, are beginning to show signs of dissipation. They have both lost weight and are grumpy, listless, and irritable and their fur has become coarse and dull.

"Just to prove to the students that it is the proper food and sunshine that makes the difference we will reverse the diets eventually to observe the reaction," Howden explained.

A print of a painting done by the famed artist, Norman Rockwell, is featured on calendars recently distributed in elementary schools, and soon to be distributed to all the Boy Scout troops and Cub Packs in Washington Township area.

Henry Miller, local cleaner who has always maintained a steady interest in Scouting, is the man who is responsible for the unusual calendars. In addition to the appealing picture, entitled "Men of Tomorrow," the calendars also have the added attraction of being functional. They are so arranged that the Scouts will be able to keep in them their troop records.

Miller has told Scout leaders and parents that if the calendars are used and the service is liked, he will continue to give similar calendars in future years.

Painting the Town

Painting San Francisco red tonight are three local buddies—Juanita "Red" Pennington of Irvington, and Audrey McCulley and Maxine Mau of Centerville. The cause of the joyful yet sad occasion is that Audrey is leaving this week-end for Tulsa, Oklahoma. For the past one and a half years she has been employed in the office of the California Nursery. Though looking forward to her trip to Tulsa, she is, however, loath to leave her two pals and her many friends. The three will dine at the Gay Nineties in the International Settlement and will later go to a show.

Betrothal Party For Dorothy Adams

Following a beautiful appointed dinner Friday evening with the Wm. G. Davis family as honor guests, Mr. and Mrs. Lewis H. Adams entertained informally 33 of their friends at their home on Lincoln street, Irvington.

As the guests arrived they were greeted by a little flower girl, Phyllis Stanfield, with a basket of button chrysanthemums. Each guest was presented with a flower to which was attached a miniature scroll on which was the announcement of the betrothal of Dorothy Justine Adams to Arthur M. Davis. Dorothy, the daughter of the host and hostess, was graduated from Washington Union High School, class of 1945, and attended Graceland College in Lamoni, Iowa, for two years where she majored in business and music. At the present time she is attending Heald's College in San Jose.

Mr. Davis is the son of Mr. and Mrs. Wm. G. Davis of San Leandro. He served in the Headquarters and Tank Divisions of the Army in the European theater during the recent World War. At present he is with the Naval Supply Depot in Oakland.

The young folks are planning a summer wedding.

Moore's Return After Trips North, South

Helen and Bob Moore have become travel-minded. Returning home to Niles after a five-day vacation in Los Angeles (where they took in the UC-UCLA game) they set off the following week-end for Sacramento. They had a wonderful time in both places and have now settled down to the comparative quiet of Niles. While they were away daughters Donna and Penny were taken care of by their grandmother, Mrs. Flora Moore.

On His Birthday

A Sunday dinner party was held at the Mau home in honor of Mr. Herman Mau who was celebrating his birthday. Those present, in addition to Mr. and Mrs. Mau and daughter, Maxine, were his brother, Mr. and Mrs. Fred Mau and son, Kenneth, and his sister, Mrs. Edith Wright of Oakland.

The former Huskie Stars were slated to meet the Hayward Raiders on the home field but Coach Lawrence Pine stated Monday that the entire schedule will be shoved back one week so that the Washington lads will still open against Hayward tomorrow night (Saturday), the game called for 8 p.m.

Under the new schedule the localities will meet the Oakland Fleetlines on Nov. 29, and the Camp Stoneman aggregation on Dec. 6, all games to be played at the field here.

HUSKIE GRIDIRON
FINALE AGAINST
GILROY TONIGHT

The Washington Huskies will close their 1947 football season tonight in a Santa Clara Valley Athletic League encounter with the Gilroy Mustangs in a game slated for 8:15 p.m. at Washington Memorial Stadium.

If scores of former games this season can be relied upon to prove the merits of the two teams, tonight's encounter promises to be one of the best of the season. The Huskies, early in the S.C.V.A.L. season, fought to a 12-12 tie with Fremont. Last Friday evening the Mustangs lost to Fremont by a one-point margin, 20 to 19. Both teams, stinging from defeats last week, will be out to close the season with a victory.

FUMBLES COSTLY

The Huskies, playing a hot-cold type of game at Campbell last Friday, went down to defeat 19 to 10 before the league leading peninsula city eleven.

The Washington lads fumbled on their first running play of the game and Campbell took advantage of the break and scored on the fifth line-plunge to gain an early 6-0 lead.

In the second quarter the localities fought their way to the Campbell four-yard stripe but were held and lost the ball on downs. Late in the second stanza a pass from Graber to Rordiques took the ball to the Campbell 15-yard line. A series of line smashes failed to gain a first-and-ten and on fourth down with less than 30 seconds remaining in the first half, Goularte booted a field goal which gave a half-time score of 6-3.

PUNT BLOCKED

During the opening minutes of the second half the Huskies displayed a power attack that, had it been maintained, could have carried them to victory. Washington kicked and held the Campbellites to no gain on three plays and on fourth down Morley, Huskie center, crashed through the line and blocked an attempted Mustang punt. Andy Graber scooped up the free ball and raced to the 8-yard line where he was brought down from behind.

Two line plays by the Huskies

LEAGUE PLAY IS
HALTED BY RAIN

Muddy diamonds last Sunday caused the cancellation of the three games scheduled for the Washington Township teams competing in the Southern Alameda County Winter Baseball League.

Games which were scheduled but will not be played until the close of the regular league schedule were: Ashland versus Niles at Irvington; Irvington versus Hayward All-Stars at Centerville; and Marlo (Decoto) versus Hernandez Market at Bret Harte school, Hayward.

Sunday Niles will meet Irvington on the Irvington field and Marlo will be host to Golden State Fireworks at the Centerville diamond. Both games are called for 2 p.m.

failed to gain and on the third down Graber passed to Alameda in the end-zone for the touchdown. "The Toe" Goularte, booted for the extra point and Washington took a 10-6 lead.

What Coach Jud Taylor described as a "comedy of errors" took place during the next few minutes of the third quarter with first one team and then the other fumbling and losing possession of the pigskin.

POOR KICK

An attempted quick kick by the Huskies went straight up in the air for a net gain of eight yards and set up a second Campbell score on a series of line smashes. The boot for extra point was good and the Mustangs took the lead, 13 to 10, as the quarter ended.

Early in the final period a long, high pass meant for Holt, Mustang end, was grabbed by Holt and Halliday, Huskie quarterback. In the ensuing tug-of-war over the ball, Holt won out and dashed into the end-zone. The attempted conversion was no good and the score stood 19-10. The Mustangs held the Huskies to the mid-field during the remainder of the fray.

NILES CLUB SHOOT
DRAWS SPORTSMEN

A capacity crowd of sharpshooters turned out for the first annual Thanksgiving turkey shoot held at the gravel quarry north of Niles Sunday under the sponsorship of the Niles Sportsmen's Club.

Members of the club in charge of the successful affair were Carl Kaiser, Charles Riley, Reginald Calhoun, Joe Dooley, Joe Pine, Bill Chivers and Lorin Mohn.

A total of 36 turkeys from the Telles Ranch at Centerville were awarded the contest winners. Two-time winners who received two turkeys each were Lawrence Bunting Sr., Joe Miller, Tom Bunting, William Pine Jr., and Manuel Goularte.

Other winners were: D. James, Melvin Talley, Joe Costa, Dave Vargas, Glen Moorhead, William Ramsey, Buck Silva, Roy Ramsey, Manuel Amaral, A. W. Silva, Chris Brown, Lawrence Bunting Jr., Glen Mohn, William Tyson, Tom Barney, Lloyd Amaral, Ted Glassbrook, Charles Smothers, Allen Abbott, Walter Wendt, John Barnes, Norris Cutcher, Randall, Manuel Goularte, Dick Pickering, Leroy Gomes.

All types of guns were used at the shoot but the .30-06 proved the most popular in prize winning. Fourteen of the turkeys were won on the .22 calibre rifle range and 22 turkeys on the high-power rifle range.

DOUBLE HEADER AT
STADIUM TONIGHT

The Washington "130" gridiron squad will close its football schedule tonight in a game against the Gilroy "B's" at 6:30 at Memorial Stadium.

Coach Irv Hird's boys suffered a 7-0 defeat last Thursday at Campbell. Campbell's lone score came in the second quarter after a poor Washington punt gave them the pigskin on the localities 15-yard line. The Puppies fought to the 6-inch line in the second stanza but failed to cross the goal line.

Before a rural community builds a hospital, a careful study by a qualified person should be made of the local situation.

NEWARK SPORTSMEN
PLAN TURKEY SHOOT

The members of the Newark Sportsmen's Club have announced that they will sponsor a Turkey Shoot Sunday at their club field one mile west of Newark on the Dumbarton road.

The shoot will begin at 10 a.m. and continue throughout the day until 3 p.m. There will be trap shooting, shot gun target, as well as small bore rifle shooting. An invitation has been extended to all clubs as well as the public to attend.

The committee chairman, E. J. Keener, assisted by Sidney Gaunt and J. R. Martin, are looking forward to a large attendance. There will be coffee and hotdogs served at the field.

Sportsmen's
News

Shotgun artists cleaned up their artillery this week preparatory to the opening of the upland game season today (Friday). Quail, pheasant, rabbit and squirrel will be the potential targets of more than 100,000 California gunners, according to information from the Associated Sportsmen of California.

Bag limits on the various types of game are: Pheasant—two male birds per day, two in possession, ten per season; Quail—eight per day, eight in possession, sixteen per week; Rabbit—same as quail; Squirrel—Hunting in Districts 1, 23, 25, 1 3/8 and 101; two per day, two in possession, twelve per week.

Shooting hours begin at 8:00 a.m. and end one-half hour after sunset on opening day and every day thereafter.

The pheasant season runs ten days concurrently, ending on November 30, one-half hour after sunset. Quail and squirrel season extend through December 31, as does rabbit.

Hunters are warned to use shotguns of ten gauge or smaller with automatic or pump action guns plugged so they may hold no more than three shells, including one in the barrel. All hunters must purchase a California hunting license.

California was ceded to the United States in 1848.

Meet some folks
whose savings paid
for your telephone

Your telephone, and the vast service facilities it represents, was actually bought and paid for by someone like this lady... someone with faith enough in the telephone business to invest savings in it. Each telephone requires an investment of about \$245 in equipment... buildings, cables, poles, switchboards and the like.

Who are they... the people who own the Bell telephone companies? Among them are families saving for their children's education, widows, young men investing for their future. Some of your friends are probably among our owners, for there are now more than 715,000... Bell has more shareholders than employees, in fact.

Many employees are Bell System shareholders, too, combining their work and their savings in our program to bring service to all who want it. And this year alone our Pacific Coast construction program amounts to \$200,000,000... bringing us still closer to our goal of the finest telephone service for the West.

It takes new Working Dollars... millions of them... to build the buildings and buy the equipment needed to meet the demand for more service. Millions of dollars for growth do not come from telephone

bills—but from people who are willing to put their savings into the business. To attract these savings we must sell our services at fair prices which allow us to pay reasonably for the use of needed working dollars.

DISTILLING COMPANY INC.

There's a most unusual clock in Niles. At present it is on display in Ross Connely's jewelry store (in the Niles Furniture building). This clock, close to 70 years old, not only tells the minutes and the hours—but also the day of the week and month. It is also unusual in the fact that the numerals and lettering are done by hand. The clock is the property of Frank Barner.

Some wit—or half-wit—wanted to know why the princess was married at three o'clock in the morning.

And what a wedding that must have been!

DANGEROUS MEN

A well-known author stated in one of her books that men with charming manners are the most dangerous to womanhood.

Frankly, I think that this is propaganda. She knows that there isn't a man alive who, deep down, wouldn't like to be thought dangerous. Therefore, the manners of American men should show immediate improvement.

How is it in your own experience? Regardless of race, color, or creed, couldn't you sometimes almost throw your arms around a man who gives up his seat to you in a street car?

MAYBE IT'S YOU!

It always astonishes me when I hear anyone say, "I think Niles is a very unfriendly place to live."

I made the happy discovery several years ago when I accused the town I was living in of being unfriendly, it wasn't the town at all.

MALARIA BEARING MOSQUITOES HERE

The fact that malaria bearing mosquitoes were bred in the Niles Canyon region last month was revealed this week by H. G. Gray, engineer, in his report to the Alameda County Mosquito Abatement District.

Gray stated in his report that an autumn dispersal flight of the Anopheles maculipennis freeborni, malaria carriers, was discovered in the area from Niles through Mission San Jose to Warm Springs.

"Most of these mosquitoes were bred in the Niles Canyon district, due to changed conditions of stream flow," Gray stated. "The last two years have been extremely dry, and there was, as a result, more pooling in the stream bed than in previous years, especially when the treated sewage of Camp Parks was added to the flow."

"The numbers of mosquitoes bred under these conditions has not been enough to have any disease-bearing significance. However, a special campaign against this species in the Niles Canyon area will be carried out in 1948," Gray promised.

It was myself! Many people move from town to town searching for something that apparently is just beyond their grasp. If they'd only realize that the happiness they're so desperately seeking is not conditioned by location! It's a platitude, but worth repeating—"to have a friend, you must BE a friend."

And just as true—"to have an enemy you must BE an enemy." Whatever it is that is keeping you from being happy in Niles—shyness, tactlessness, selfishness, intolerance, fear of making advances, stand-offishness — don't blame it on the town. Put the blame where it belongs!

DECOTO LIBRARY

By ETHEL AVILLA

ADVENTURES IN READING

Have you ever read a book and found it so delightful that you just had to pass it on to another? No doubt the books you are reading now were handed on to you by some one who wanted to share a pleasure. Fine books of all types, both fiction and non-fiction crowd the shelves of the Decoto Library; the very books you have probably been wanting to read.

Listed here are a few of the newer books just received: "Proud Destiny," a historical novel by Lion Feuchtwanger, dealing with the American Revolution. The story revolves around old Benjamin Franklin in Paris. A Literary Guild selection.

"Mr. Blandings Builds His Dream House" by Eric Hodgkins, with illustrations by William Steig. This is a very humorous story of the woes of Mr. and Mrs. Blandings who transformed an old farm house into their dream home. This is a Book-of-the-Month Club Selection.

"The Left Hand is the Dreamer" by Nancy Wilson Ross. A modern novel of American life, sensitive and penetrating, with a quality of real freshness.

"Colorado" by Louis Blomfield, written in his finest style; a tale of brazen frontier days of the colorful west.

"Franklin D. Roosevelt," an informal biography by Alden Hatch. This is what Mr. Hatch has to say about his book: "This is not only a story of Roosevelt, the man who shaped history, but the Roosevelt who invited a tall, thin girl called Eleanor to dance. It is a picture of a man among family, friends, and advisors; a great American, and a real citizen of the world."

If you'd be interested in learning bridge the quick, easy way, then study "Contract Bridge In a Nutshell" by Charles H. Goren.

Books for the young people and the still younger:

"Martha Washington, Our First Lady" by Alice Curtis Desmond.

"Shift to the Right" by B. J. Chute.

"Teresita of The Valley" by Florence C. Means.

"Pancakes—Paris" by Claire H. Bishop.

"Jack Finds Gold" by Sanford Tousey.

"Shooting Star Farm" by Anne S. Malloy.

SETS PARTY DATE

The next meeting of Laura Loma Parlor, N.D.G.W., 182, will be held Tuesday, December 2, at Odd Fellows Hall, Niles, beginning at 7:30 p.m., according to Mae Moore, president.

After a short business session the doors will be open to the public for a turkey whist party. Mrs. Fleecie Gomes is chairman of the affair and will be assisted by Mrs. Mae Rose, Mrs. Ethel Fournier, Mrs. Catherine Plumb, Mrs. Irene Bales, and other members.

CARD OF THANKS

We wish to thank our many friends for their kindness in helping to make the benefit dance such a grand success. Many, many thanks.

'ANGEL STREET' TO SAN JOSE STAGE

Gregory Peck, who co-stars with Laraine Day in "Angel Street," the thriller which will have one performance in the auditorium, San Jose, on Thanksgiving night, November 27, is more interested in acting than in his screen career.

That is why he, with Joseph Cotten, Mel Ferrer, Jennifer Jones and Dorothy McGuire, formed the Actor's Company last summer, in order that they and other screen actors might have frequent opportunity to appear on the legitimate stage in coast productions in between their screen appearances. Obviously, they would not have time to go on transcontinental tour.

"Angel Street" is the first of these plays to go on a brief coast tour, and San Jose is among the towns fortunate enough to get it. Supporting actors are also stars, including Ernest Cossart, English actor who played his role of Rough in the Chicago "Angel Street" with Sylvia Sydney; Elizabeth Patterson, New York character actress whose recent work in films has made her a familiar figure and whose latest role of Mrs. Gilley in

"Welcome Stranger" won her the Blue Ribbon Plaque; and Elisabeth Fraser, who made her New York debut as ingenue for the Lunts.

COMPLET E PLANS FOR ANNUAL BENEFIT

Final plans have been completed for the big annual whist party of the Centerville Elementary School P.T.A., which will be held in the Centerville Elementary School auditorium on Friday evening, Dec. 5.

The receipts will be used for the benefit of the school cafeteria.

AUXILIARY CONTRIBUTES TO WORTHY CAUSES

Members of the Auxiliary of the American Legion, Washington Township Post, completed arrangements at their regular monthly meeting last week to make donations to several charitable organizations.

They voted to donate to Child Welfare, to the Leonard Wood Leprosy Fund, to the Veterans' Christmas committee, and decided to contribute gifts to the Veterans Gift Shop at the Livermore Veterans Hospital.

Because of the Thanksgiving holiday there will be no meeting in November. The next meeting will be held on Dec. 10.
